MRGI AT A GLANCE

Situated away from raucous sounds of Hyderabad city, MRGI epitomizes technocracy at its best. Being one of the largest campuses in Telangana State, MRGI promises eventful student oriented learning. The founder chairman Sri.Ch.MallaReddy began the journey as an educationalist to form the bridge between society, industry and academics. He is an unassuming dynamic leader with a keen interest in changing trends of higher education and student's employability in India & abroad. The diverse and enormous growth of the group unravels his realistic vision to cater to the needs of students in all the areas of education. Education at MRGI brings all round and holistic development in students. Today MRGI has become a major learning centre with 35 institutions offering Engineering, Medical, Management, MCA and Pharmacy courses.

OBJECTIVE OF FDP

The art of teaching is a complex process, which is not limited to transferring of knowledge from one to another. It requires good verbal and non-verbal skills, objectives of enabling the faculty members of higher education to learn new pedagogic techniques while empowering them with innovative teaching competencies, skills and attitudes and providing the participants with experiential learning by integrating various teaching tools in teaching are also useful for career and personal development of a faculty member. They emphasize upon life planning and interpersonal and communication skills of the faculty members.

OUTCOMES

The program will promote conceptual clarity of the importance of the application of innovative scientific teaching techniques amongst participants. It will facilitate insight into effective models and their application in teaching. It will provide an opportunity to be taught by experts and share experiences with co-participants across India.

RESOURCE PERSONS

The fdp content will be delivered from a pool of resource persons on the subject from various reputed engineering streams.
