MRECW TECHNICAL CLUBS

AMAZON WEB SERVICES CLUB

AWS is the lead cloud computing platform, a collection of remote computing services, offered by Amazon.com, controlling more than a third of the global cloud market. It is enabling Businesses to access thousands of servers virtually within minutes, by leveraging the power of [cloud computing](#), reducing their burden to plan for IT infrastructure.

The AWS club focuses on learning pathways to enable students to understand cloud computing platform and distributed computing building blocks and tools.
