HANS NEWS SERVICE

dozed off, resulting in the mishap.

The deceased was identified as Charan, a student of ICAFI University. According to the police, the incident occurred when Charan was driving from Nandi Hills towards Raidurgam. The impact of the crash left the car completely mangled, killing the student on the spot. The police reported that the accident was caused by over-speeding.

The police said that when Charan reached near FDDI, he lost control of the wheel and crashed into a flyover pillar. He was reportedly alone in the vehicle and driving at high speed. "We suspect he may have fallen asleep while driving, resulting in the mishap. The impact was severe, crushing the driver's cabin. The steering wheel struck his chest, causing grievous injuries, and he died on the spot," said a police officer.

Other motorists who witnessed the accident alerted the police. The police officers rushed to the scene and found Charan deceased. His body was trapped in the driver's cabin, making it difficult to remove. The police confirmed that Charan died on the spot, and it took two hours to retrieve his body from the mangled car.

Preliminary investigations suggest excessive speed as the cause of the accident. A case has been registered and is under investigation. Following a complaint, the body was shifted to the hospital for a postmortem.

day programme with the aim of maintaining sanitation and increasing greenery in Greater Hyderabad.

On Friday, GHMC Commissioner Amrapali Kata held a meeting with the zonal and additional commissioners and other department officers to discuss the arrangements for the programme from August 5 to 9. She directed the GHMC officials for the successful implementation of the 'Swachhadanam-Pachhadanam'.

The commissioner directed officers of various departments to implement the programme in all 150

wards. The special teams were formed for cleanliness and greening, involving the representatives of RWAs, voluntary organisations, and others who will be trained on taking care of the community plants among the residents.

"The teams set up for cleanliness and greenery should work hard to ensure that the programme is properly implemented as per schedule at field level. As

Following the government's direction to hold the innovative programme for five days, Amrapali asked officials to conduct it vigorously in each ward and to continue the same spirit continuously. She ordered them to submit reports by 4 pm daily.

In terms of cleanliness and greenery, town-level and slum-level federations, along with sanitation staffers, were asked to create public awareness. She advised them to monitor the programme regularly and successfully implement it to increase clean and green cover in the city with residents' participation.

ous colonies on controlling mosquito breeding and preventing the spread of seasonal diseases.

The GHMC undertook a wide-scale awareness programme to prevent dengue, malaria, and other vector-borne diseases. The programme was held with the aim of educating households about the weekly cleaning of water storage containers like overhead tanks, sumps, flower pots, refrigerators, and all other places in the house that may lead to mosquito breeding.

The heroes asked households to take precautions to prevent water stagna-

Despite big rise in dengue cases, SCB lags in anti-larval operations

MEGHNA NATH HYDERABAD

WITH dengue and other water-borne diseases on the rise, the State Civil Supplies Corporation (SCB) has lagged in anti-larval operations like dengue, malaria, and viral fever.

The volunteers advised residents to observe every Friday as a dry day. Water drums should be emptied, cleaned, and fresh water filled weekly. Fogging and anti-larval operations were taken up. The officers, in collaboration with the RWAs, are taking measures to prevent mosquito-related diseases. Officers from the entomology, sanitation, and other wings participated in the programme. The sanitation staff sprayed chemicals to prevent mosquito menaces in various areas.

● SCB officials have not conducted thorough fogging due to equipment shortage

'Shun drugs, take pleasure in small natural acts'

HANS NEWS SERVICE HYDERABAD

SANDEEP Shandilya, director of Telangana Anti-Narcotics Bureau (TGNAB) urged the students to take pleasure from small natural acts and achievements rather than taking drugs and other such substances.

Addressing as part of a three-day orientation programme-2024 at the National Institute of Fashion Technology (NIFT), Hyderabad, organised from July 31-August 2, he delivered a talk on 'Substances

Abuse' on Friday. At a gathering of over 250 students and staff, he explained how the joy of natural reward is much more satisfying than the artificial joy that one experiences through substances. He advised all students to stay away from drugs, be vigilant about them, and report to authorities if students encounter any such cases. He reminded the students that they

● TGNAB director Sandeep Shandilya addresses students of the NIFT orientation programme on Friday

have a responsibility to fulfill the dreams of their parents along with theirs. In the end, he led all the students and staff to take a pledge to stay away from drugs for a better society. The campus director Prof Dr Malini Divakala, joint director Prof. Avinash Raipally and CAC Prof. Dr Annaji Sharma were also present during the talk.
